GUEST ACTIVITIES

SUNSET BOAT CRUISE

Enjoy a memorable sunset over the largest privately-owned man-made dam in the southern hemisphere as you cruise along the water. Your personal butler joining you onboard to cater for any needs you might have whilst having your sundowners on the barge. A friendly skipper to steer your cruise as you head out into the sunset, providing you with all you need to know about the reserve and the surrounding water area. An insightful Ranger standing aboard, should you have any questions on the variety of wildlife all around, ranging from the beautiful water birds to the hippos submerged beside you, and the odd crocodile basking in the sun.

Included in your stay

STARGAZING

Breathtakingly beautiful, a sky full of stars is sometimes all we need for our heads to escape our ever-busy worlds. Starstruck by the vast quantity of glimmering balls of burning gas in an open night sky, where there are no city lights, you will be guided through the various constellations on display by your knowledgeable Ranger. Whether you are finding direction using the Southern Cross or appreciating a collection of stars during the different seasons, this peaceful breakaway opportunity allows for you to indulge your imagination.

Included in your stay

BUSH WALKS (minimum age of 16 years)

Experience the peace and tranquillity of the bush first-hand. Going on a bushwalk allows you to experience wildlife and nature like never before as you get in touch with the birds and animals in an untamed surrounding. Without the noise of the vehicle, this exhilarating experience really brings your senses to life and allows you to focus on the smaller things. With an expert Field Guide/Ranger guiding you on your interpretive trail, you will learn more about the ecology, plants, insects, birds and animals as well as learning how to interpret the tracks and signs of the wild. When you come face-to-face with that elephant, or whether you are watching a dung beetle rolling his ball of dung to impress his female partner, you will realise just how impressive and interconnected the African Wildlife really is. A bushwalk is a walking safari and it is your opportunity to experience the wilderness in a way that most people have not for hundreds of years.

Your personal Ranger is tasked to ensure you are kept safe at all times. These professionals will guide you along the beautiful landscapes and trails to watering holes and along rivers showing you the secrets of the bush up close and personal.

QUAD BIKES (minimum age of 13 years)

Try your hand at our adrenaline-filled quad biking experience around a dirt trail through the reserve. This 30-minute experience offers a trail suitable for all skill levels. The experience can be done either individually or in tandem.

R675 per person

FISHING

Go out for an exclusive fishing experience where you look to catch largemouth bass on our Fisherman's boat. Patience is key to this tranquil experience, as you await your catch whilst looking out on a peaceful setting where various species of birds fly over the water, and the Hippos call in the distance. This fishing excursion lasts for about 2-3 hours. You will go out with a trained skipper on the Douw Steyn Dam, where you will be assisted with getting geared up and receiving general fishing advice to help you catch the "Big One". Should you catch something you are invited to keep it and the chef at the lodge can prepare it for dinner.
